

Generating Power Realising Dreams

Leader in Power Sector

NTPC, India's largest power company, is committed to fulfill its vision to be "a world class integrated power major, powering India's growth, with increasing global presence". With an installed capacity of over 30,000 MW, the company contributes 28.60% of total power generated in India

Vibrant Organization

Fast emerging as an 'Integrated Power Major', the company has a significant presence in the entire value chain of power generation business. NTPC is amongst world's cleanest Fossil Fuel based power generator and has created green wealth of more than 18.50 million trees around its power stations. Today, the company stands 317 in the Forbes 2000 list of top public companies in the world by virtues of four performance metrics of sales, profit, assets and market value.

Responsible Corporate Citizen

Vitally engaged in the endeavor of nation building, NTPC is not only a partner in powering India's growth, but is also striving towards value creation in society. Corporate Social Responsibility is an article of faith that propels the company to reach new horizons.
